HINKLEY LIGHTING DEBUTS 120V LED STEP LIGHT

January 24, 2014 - Cleveland, Ohio - Hinkley Lighting unveiled its new Luna LED step light collection, which offers an ideal solution for any 120V outlet or switch location, at the International Lighting Market in Dallas in January 2014. Rated for indoor or outdoor use, this Decora style sized step light includes a contemporary styled radius front die cast face plate (accepts any/all Decora switch plates).

This ADA compliant, energy efficient step light consumes only 4W per unit with 180 lumens and is dimmable to 25% on any type of incandescent control with an easy retrofit to any gang switch/receptacle location. This LED step light further enhances Hinkley's Luna family of fixtures and provides maximum flexibility by matching other existing switches and outlets. Product features include:

- 3" x 4.5" x 0.5" faceplate
- 120VAC – Integrated Driver/LED Array Field Serviceable
- 3000K Warm White
- Die cast zinc-aluminum alloy for coastal use
- Horizontal and Vertical versions
- Available in 3 versatile finishes: Bronze, Satin White and Titanium
- POS Packaged

About Hinkley:
